Subject: RE: Higher Education (General Staff) Award 2010 - inclusion of model casual conversion clause [CU-Legal.FID1999041]

Dear Deputy President,

I apologise for the delay in the NTEU's response, which arises from staff illness in the last few days.

On further consideration of the matters discussed during the recent teleconference, NTEU no longer presses for a change to the *Higher Education (General Staff) Award 2010* in the terms flagged in our earlier correspondence.

Therefore we submit that no further directions are required in relation to the question of inclusion of the model casual conversion clause in that Award.

Sincerely,

Linda Gale
