Dear AMOD

I refer to the above matter.

The Australian Manufacturers Workers Union (AMWU) notes that the Coal Mining Industry Employer Group (CMEIG) will not be pressing their proposed shut down clause filed on 12 May 2017.

Accordingly, the AMWU retains its objections to the provisional shutdown clause set out in the March 2017 decision, as outlined in our written submissions of 13 April 2017.

In light of the facts in dispute arising in the submissions there may be a need for the Commission to receive evidence about the contested facts. As such we would agree that the matter be listed for conference and or directions hearing.

Regards,
