Dear all,

Professor Wooden's statement contains remarks about what might have been included in a follow-up email sent to NTEU members on 8 May 2015 (see Wooden statement, paragraph 24.c.). We have located a copy of that email, and will seek leave to ask witness Michael Evans to identify it.

A copy is attached, and the NTEU will provide hard copies at the hearing tomorrow.

Subject: Reminder -State of the Uni Survey closes Friday 15 May

Dear Virginie

It's not too late to have your say!

The NTEU State of the Uni Survey will close on Friday 15 May.

This survey is biennial and will provide important information about staff attitudes at Australian universities. [For more information, please click here](#)

Time is running out ...but it's not too late! [To participate in the survey, please click here.](#)

Help us spread the word

While we now have over 6000 responses, many university servers have blocked the NTEU from sending this information directly to all staff. Please forward this email to colleagues in your work place and help us improve this important snap shot of the sector.

Individual responses to this survey are confidential and we are not able to identify respondents unless that information is provided by you. You can access the [NTEU Privacy Policy](#) for further information.

Thank you,

Matthew McGowan
