Dear Sir or Madam

AM2016/33 - 4 yearly review of modern awards – Substantive Issues – *Graphic Arts, Printing and Publishing Award 2010 (the Award)*

We refer you to the directions by Deputy President Gostencnik dated 31 January 2017 (**the Directions**) and the second and third issues identified at [95] of the decision in **[2016] FWCFB 7254 (the Decision)**.

In regards to the second issue, the AMWU are currently in discussions with AiG and are making progress in resolving this matter. Thus, we respectfully request an extension of time to respond to this issue until 10 March 2017 at 4pm. Note, that AiG are also aware and are in agreement with this request.

We also note that the Directions did not make mention of the fourth issue in [95] of the Decision, namely coverage of metropolitan daily newspapers in the Award. The AMWU respectfully seeks an indication from the Commission as to when directions will be made in relation to this issue.

We look forward to your response in due course.
