Subject: RE: AM2018/26 - Social, Community, Home Care and Disability Services Industry Award 2010

Dear President

Jobs Australia supports the [proposed](#) extension of time. We are a party that intends making a submission with evidence in support of a substantive claim. Jobs Australia relocated offices during the Christmas period and this has created a significant disruption in our work, making it difficult to adequately complete a submission in time for the original date of 18 January 2019. We also note the recent intervention of AIG and the extension will enable us to have the benefit of the conciliation conference set for 31 January before Cmr Lee. The outcome of that conference may influence our approach to our substantive claim.

regards

Michael Pegg
