Dear AMOD Team,

Re: AIS Night Shift Proposal

In response to correspondence from the Commission following proceedings before a Full Bench in this matter the IEU committed to providing a response to this proposal by COB today. We support the AIS's proposal and accordingly do not believe that there would be any benefit in the Commission convening separate proceedings to deal with it. We will provide any additional submission necessary, concerning the form of the determination necessary to best give effect to the changes, together with the reply submissions due in this matter by 9 December.

Regards

Anthony Odgers
