SUBMISSION

EXPOSURE DRAFT

Associations of Independent Schools

and

Independent Education Union of Australia

1. At paragraph 101 of its recent decision (FWCFB 5536) accompanying the release of a further exposure draft the Full Bench asked the parties to indicate whether they wished to press the matters set out in items 23,24,25,26 and 28 of the revised summary of submissions published on October 10 2017.
2. We indicate that we do continue to seek that the exposure draft be varied to include the variations we have proposed.
3. The changes proposed by way of items 24, 25 and 26 are minor and technical and, if the Commission is so minded, could be determined on the material already filed.
4. The variations proposed to the exposure draft by way of item 23 and consequently item 28 seek to preserve existing employee entitlements varied, possibly unintentionally, by the exposure draft. In order that the matters therein may be dealt with expeditiously the parties request that the Commission convene a further conference in respect of these two items.
